

For Equipment and General Environmental Surfaces in the Food Processing Industry

*Patent Pending

Peradigm™, FMC's non-foaming additive may be used with FMC peroxyacetic acid products labeled for use with surfactants, or with products intended for general cleaning. Refer to the directions on the product label for use directions.

Directions for use:

VigorOx® Liquid Sanitizer and Disinfectant may be mixed with Peradigm and applied at a room temperature, or a minimum of 25 °C.

1. Mix a minimum 1.5 fl. oz. VigorOx® Liquid Sanitizer and Disinfectant with Peradigm in 4.5 gallons of water.
2. Add a maximum of 43 fl. oz. of Peradigm to the dilute solution, and bring total volume to 5 gallons.
3. Apply solution, allowing a minimum contact time of 30 seconds.

STORAGE AND HANDLING: Follow good industrial hygiene procedures when handling this product. Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Keep container tightly closed and sealed until ready for use. Avoid all possible sources of ignition (spark or flame).

CONTAINER DISPOSAL: Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of adjuvant in accordance with all local, state and federal regulations.

**KEEP OUT OF REACH OF CHILDREN
DANGER**

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS**

Danger. Corrosive. Causes eye and skin burns. Do not ingest. Do not get in eyes, on skin, or clothing. Rinse thoroughly with water after handling. Remove contaminated clothing and wash clothing before reuse. Use only with adequate ventilation.

FIRST AID

IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. If irritation occurs and persists, get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Remove contaminated clothing and shoes. Get medical attention if irritation occurs persists.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get medical attention.

IF SWALLOWED: Do Not induce vomiting unless directed to do so by medical personnel. Call a doctor or get medical attention. Do not give anything by mouth to an unconscious person. Drink promptly a large quantity of water.
